

# POSITION STATEMENT

## Voice to Parliament Referendum 2023

Australia has a once in a generation opportunity to enshrine the Voice in the Australian Constitution this year.

UCWB is deeply committed to reconciliation and justice. We support the Uluru Statement from the Heart. And we believe Australia cannot walk the path of reconciliation and justice without Voice, Treaty and Truth.

We support a Yes vote for the First Nations Voice to Parliament in the Constitution.

We will continue to take action for Voice, Treaty and Truth and we will continue to listen.
