Children and Families

Family Mental Health Support Service

Family Mental Health Support Service

Our friendly and qualified practitioners work with families and carers to provide support to children and young people who are showing early signs of, or are at risk of, mental health issues.

Each child is unique, and we value and empower their individual personalities, interests and strengths. Our child-focused approach helps create confident and connected children.

What we offer:

Short-term support: (up to 6 sessions) which includes assessing your needs, providing information and/or referrals for support.

Long-term support: (up to 12 months) therapeutic support for children, young people and their families.

Community outreach: mental health education and community development activities.

Eligibility:

- You reside in the City of Tea Tree Gully and selected suburbs within the City of Port Adelaide Enfield - contact us to see if we service your suburb
- Referrals are accepted from families, caregivers, health providers, early childhood centres, schools and other community services
- Referral forms can be found on our website: www.ucwb.org.au or contact us

Have more questions? Our dedicated team is here to help.
