NDIS Support

We are a NDIS registered provider of Specialist Support Coordination and Support Coordination services, who focus on giving you personalised support that puts you in control.

Our Support Coordinators have a comprehensive understanding of the NDIS and support options available. Through taking the time to listen and understand you and your circumstances, we can support you to explore services and feel confident in making your own choices around the supports that will best meet your needs.

UCWB can support you with:

- Finding the best services for you
- Understanding your NDIS plan and make your own choices
- Managing and monitoring your NDIS budget
- Requesting changes required to your plan
- Preparing your NDIS plan re-assessment
- Connecting you with mainstream services

To access this service, it must be included in your NDIS plan under ***Capacity Building Support***

Why choose us?

- Our services are designed in partnership with you - you are the decision-maker of your life
- We build close customer relationships, while having the services and resources to make an impact
- We don't just provide a service, but advocate for you as our customer
